MISSION STATEMENT

We promise to provide our clients the best service based upon integrity, respect and focus.

These core values extend to our employees and relationships with supply chain partners, and they are the foundation of the Critical Business Solutions Ltd ethos.

ABOUT

CRITICAL BUSINESS SOLUTIONS LTD

Critical Business Solutions Ltd. (CBS) is a distinguished provider of electrical installation, fire protection, life safety, and security systems at the forefront of the critical infrastructure market.

Our commitment to excellence is embodied by our team of experts, who consistently endeavour to offer superior service.

This commitment extends to fostering a genuine partnership with clients aimed at enhancing the efficiency of project delivery and the generation of value.

The emphasis on collaboration and excellence in service delivery underscores our position as leaders, demonstrating our unwavering dedication to meeting and exceeding client expectations.

With offices strategically located in the UK, Germany, Ireland, and Denmark, we are perfectly positioned to provide the quickest service to our customers.

WHAT WE DO

DESIGN, SUPPLY, INSTALL, COMMISSION, MAINTAIN

We believe in a holistic approach, where design, supply, installation, commissioning, and maintenance are all critical components of a successful project.

FIRE

We offer a range of customised solutions to protect lives, property, and assets in various applications and environments.

Services include:

- Fire Detection and Alarm
- Aspirating Systems
- Integrated Fire and PA/VA Systems
- Fire Suppression / Extinguishing Systems
- Emergency Lighting Systems

ELECTRICAL

We specialise in designing and prefabricating modular buildings, delivering successful projects worldwide

Services include:

- Electrical Distribution and Switchgear
- Critical Power Systems (UPS & Generator etc.)
- LV Electrical Installation
- Prefabricated Electrical Containment

DESIGN

Our dedicated team of skilled designers translate clients' requirements into reality.

Services include:

- BIM modelling and full MEP coordination in REVIT
- Electrical Distribution and Switchgear
- Critical Power Systems
- Motor Control Centres and Controls
- Emergency Lighting Systems
- Amtech Prodesign Cable Calculations

FACILITIES MANAGEMENT

We offer service and maintenance packages to support the long-term success of your system.

Services include:

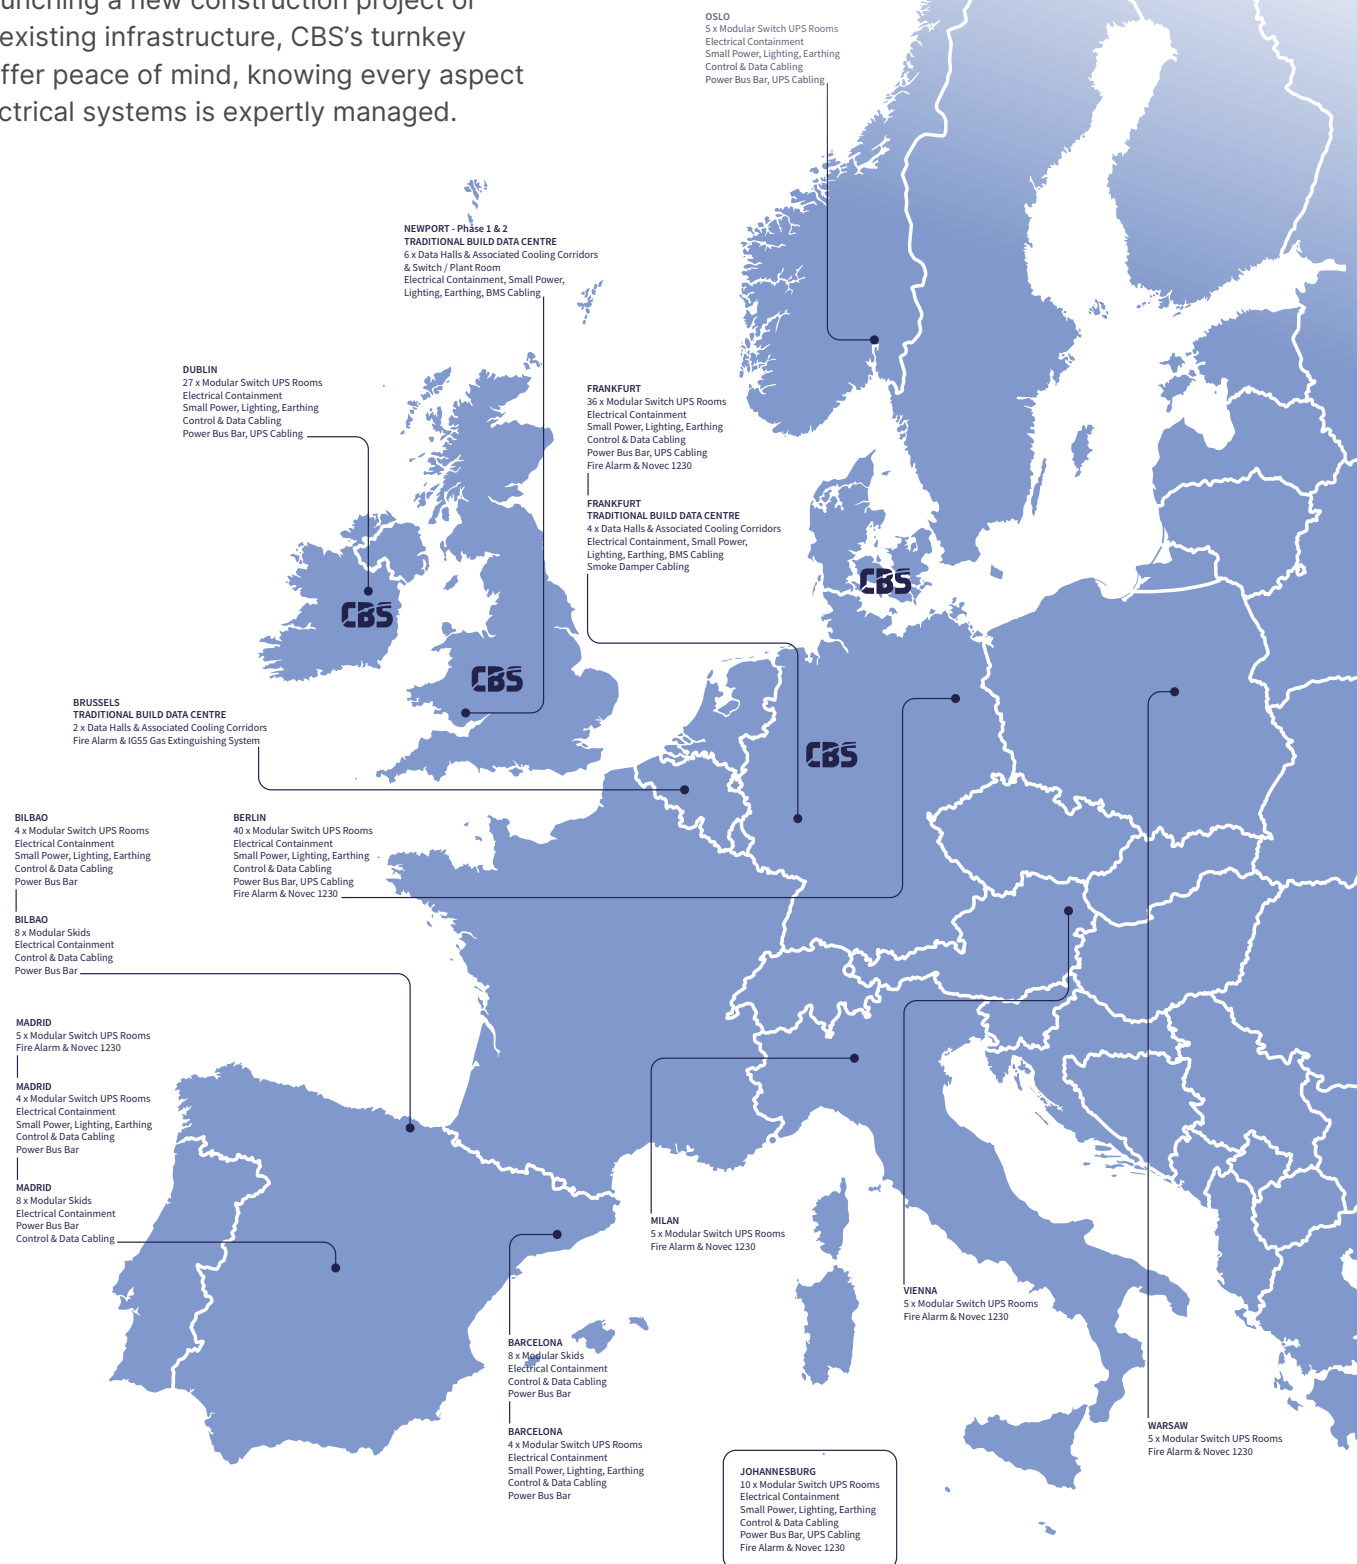

- Electrical Fixed Wire Testing
- Life Safety System Testing and Servicing
- Generator Testing and Servicing
- Office Refurbishment and Maintenance
- Portable Appliance Testing

OUR JOURNEY WORKS COMPLETED

Our offices are strategically located in the UK, Germany, Ireland and Denmark.

Whether launching a new construction project or upgrading existing infrastructure, CBS's turnkey solutions offer peace of mind, knowing every aspect of your electrical systems is expertly managed.

OUR CONNECTIONS

TRADE MEMBERSHIPS & ACCREDITATIONS

**We're more than just a company;
we're a catalyst for change across
industries.**

We uphold the highest standards of professional integrity and excellence across all operations.

Our unwavering commitment to compliance, training, and health and safety practices underscores our dedication to our staff, clients, and the public at large.

Recognising the pivotal role that continuous professional development plays in sustaining our leadership and innovation within the industry, we invest in comprehensive training programs and rigorously adhere to the guidelines set forth by leading trade associations and accreditation bodies.

OUR CONNECTIONS

SUPPLY PARTNERS

At CBS, our commitment to delivering unparalleled technology solutions is matched only by our dedication to partnering with the industry's premier suppliers and manufacturers.

We believe that our strength lies not just in our expertise but also in the robust relationships we maintain with technology leaders. These partnerships enable us to offer our clients cutting-edge, reliable, and comprehensive solutions tailored to their unique needs.

Though our partnerships span a wide range of technological specialities, below is a selection of our key technology partners. This list is not exhaustive but demonstrates our diverse capabilities and commitment to quality through collaboration.

OUR COROPORATE RESPONSABILITY

COMMITMENT TO OUR COMMUNITY

At CBS, we are deeply rooted in the belief that our strength and success grow from our community.

We recognise the vital role our corporate presence plays in local development and well-being, and we commit to giving back with a sense of pride and duty. Our engagement with the community is driven by a desire to succeed in business and ensure our community thrives alongside us.

Key Initiatives

Sponsorship of Our Local Sports Teams

We are proud sponsors of the Bleak Hill Rovers U9 grassroots football team, Thatto Heath Crusaders and St Helen's RFC Club are partnerships that extend beyond financial support. It's about fostering local sports, encouraging teamwork, and promoting a healthy, active lifestyle across all ages within our community.

Through this initiative, we aim to support the youth in their athletic endeavours, offering them a platform for growth, discipline, and achievement.

PARTICIPATION AND SPONSORSHIP OF THE BIG CYCLE

Our commitment to philanthropy is further exemplified through our annual participation and sponsorship of The Big Cycle, a charity bike ride that galvanises our team members and the wider community for a noble cause.

This event is about raising funds and rallying together, showing the power of community spirit, and making a tangible difference in the lives of those who need it most.

Through these ongoing efforts, we pledge to build a legacy of commitment and care for our community, recognising that our mutual prosperity is deeply interconnected.

WE LOOK FORWARD TO STAYING IN TOUCH!
